

GERMAN SHELLS DO GREAT DAMAGE IN CITY OF ANTWERP

PRUSSAINS ARE STILL VIGOROUSLY BOMBARDING BELGIAN STRONGHOLD

Paris States Situation In Northern France Is Stationary—King Albert Is Said to Have Left Antwerp—Russians Claim Defeat of German Attacks In Poland—Declare Some of the Principal Forts of Przemyśl Have Fallen.

WAR BULLETINS

LONDON, Oct. 9.—2:20 a. m.—The communal council of Ostend has passed unanimously a declaration that the town is ready for every sacrifice in order to resist the German advance to the last moment," says the Daily Telegraph's Ostend correspondent.

LONDON, Oct. 8.—M. DeBaretat, Burgomaster of Llanaken, Belgium, has died at Hamont as a result of a bullet wound in his chest, says the Central News' Amsterdam correspondent.

ROME, Oct. 8.—via Paris.—A despatch received here from Petrograd says there have been sanguinary fighting between German and Austrian prisoners, who accuse each others of responsibility for Russian victories.

PARIS, Oct. 9.—1:42 a. m.—A despatch to the Havas agency from Rome says: "It is reported that at a meeting of 27 liberal and democratic members of the chamber of deputies a resolution was adopted declaring that armed neutrality corresponds with the exigencies of the moment. The resolution also expressed confidence in the government."

LAUDS SPLENDID SERVICE OF AMERICAN RED CROSS WORKERS

BORDEAUX, Oct. 8.—The splendid service rendered by the American Red Cross workers will never be forgotten, according to Baron Murray of Elibank, the former chief liberal whip, who has arrived here after visiting the Anglo-French lines on the Aisne.

"I had opportunities of seeing what the Red Cross workers from America are doing, both at the front and in the admiralty hospitals at Paris and elsewhere," he said. "I cannot speak too highly of the skill and devotion shown by the physicians, nurses and voluntary workers. My admiration and gratitude is shared by all Englishmen."

WOMEN PASSENGERS ON CELTIC KNIT FOR EUROPEAN SOLDIERS

New York, Oct. 8.—Women passengers, including Mrs. J. P. Morgan, on the White Star liner Celtic which arrived here today from Liverpool, spent many hours on the voyage across, knitting socks, jackets and mufflers for the soldiers who will endure hardships in the winter's campaign of the European war. Mrs. Morgan completed five pairs of socks, one jacket and two mufflers and turned them over to the Celtic's purser on the ship's arrival here. The wool was sold to her and the others who knitted after they went aboard the Celtic in England and the patterns were supplied by the British government. Mrs. Morgan is a member of the Needlework Guild organized by Queen Mary.

PLANS TO STAY IN CAPITAL

Washington, Oct. 8.—President Wilson is not planning a vacation during the adjournment of congress. He told callers today he expected to stay in Washington looking after questions growing out of the European war. His advisers, however, hope he may be induced to go to the "summer white house" at Cornish, N. H., for a few days. Members of his family are still there.

Fighting on a larger scale will soon be resumed and it will then be decided whether the Germans are to re-invade Russian in this region or the Russians are to overrun Prussia.

In southwestern Poland the Austro-German armies have advanced along both banks of the Vistula river with the object of compelling the Russians to evacuate part of Galicia and, according to their reports, have defeated them, capturing 4,800 prisoners.

The Russians reply that they allowed the enemy to advance as far as the Opotow-Sandomir front in order to force them to abandon their strong position near Kielce, and accept battle in the open country. Since this battle nothing has come through concerning the movements of the two armies.

Next Rumania To Join Allies. The advance of the Russians into Hungary has aroused intense feeling in Rumania with respect to Transylvania and a section of that country is advocating that Rumania join the allies so that with the end of the war she may have rest with the allies. Rumania may fall heir to that part of the Austro-Hungarian empire.

The lesser events of the day included the dropping of bombs by a German airplane in the neighborhood of Paris. Great Britain and Austria have arranged for the exchange of civilians detained in the two countries who are not of military age. This is important to England as many prominent persons have been detained at the Austro-Hungarian places where they were taking the cure when war broke out.

SUGGESTS PLAN TO CONTROL COTTON PRICE

ENGLISHMAN BROACHES PROPOSAL AT MEETING IN LONDON

Would Have British and American Governments Take Over Surplus of Raw Cotton in United States and Create Raw Cotton Prices Now and in Future Years.

LONDON, Oct. 8.—Sir Charles Wright Macara, president of the federation of master cotton spinners and manufacturers today, suggested a joint valorization effort on the part of the British and American governments to take over the surplus raw cotton in the United States and create raw cotton prices now and in future years.

This suggestion was made at a luncheon in connection with the organization of the proposed institute of industry and commerce, which was attended by Earl Grey, former governor-general of Canada, Die George H. Reid, high commissioner for Australia and representatives of all other English possession who are endeavoring to establish a great institution under which England will be able to foster trade between different parts of the empire.

Sir Charles Macara, in his address said the excess of cotton now on the market because of the cutting off the continental market has created such uncertainty in prices that buying is at a standstill and that the Lancashire mills must certainly close soon. The result of this, he said, would be the virtual destruction of the cotton industry in England and the ruin of thousands of American cotton planters, who would turn their land to other crops, thus upsetting the world's supply of cotton in future years.

By creating a cotton reserve, Sir Charles said, the two governments could protect from the appalling disaster millions of people engaged in the growing, handling and manufacturing of cotton, with the possibility of no ultimate loss. The speaker referred to 1914, when the scarcity of cotton, he said, created a crisis in the trade which might have been averted had the governments held a reserve supply. A worse crisis had now come through an over supply as a result of the war.

Such crisis, Sir Charles said, could be averted by a governmental action in taking over the planters' cotton, thus enabling the producers to meet their debts and permitting the English mills to operate all of the time, which is the assurance that prices would be steady.

If the government concerned would operate to provide funds by which the surplus of cotton in years of plenty could be purchased and stored and held over until years when the crop did not meet the demands of the trade, according to Sir Charles, this policy would at once have a steadying effect on the price of raw cotton and be of great advantage to everyone in the trade.

RUSSIANS CLAIM DEFEAT OF GERMANS IN RUSSIAN POLAND

Petrograd, Oct. 8.—An official communication issued from general headquarters, says:

"The fighting on the east Prussian frontier continued on October 7 with the same ferocity. In spite of German reinforcements all their attacks in the region of Wittenberg (Russian Poland) and Philippoff have been repulsed with great losses. By a night assault the Russian troops have captured the village of Kamienka, near Bakalargrow.

"In the forest of Massalstschinnak, west of Ratchka, our troops in a night attack, surrounded a German detachment which was partly exterminated, the others being dispersed, abandoning their rapid fires.

"Russian troops also have captured the town of Biala (in Galicia, 43 miles west, southwest of Cracow). In other regions there is nothing of importance to report.

"In the attack against the Przemyśl garrison, conditions are in our favor, our troops capturing by assault strong fortification constituting the principal positions."

ORATORY IS GIVEN THE RIGHT OF WAY

Townsend Criticizes In Detail Activities of the Present Administration

CHARGES EXTRAVAGANCE

Senator Ashurst "Points with Pride" to the Achievements of the Present Congress

ADOPT CLAYTON BILL REPORT

WASHINGTON, Oct. 8.—Political oratory was given the right of way in the senate today, republicans and democrats taking the opportunity to get campaign material into the record pending the opening tomorrow of debate on the war revenue bill.

Senator Townsend, for the republicans, read a lengthy address criticizing in detail the activities of the present administration and declaring that through mismanagement and extravagance, the democrats had been forced into, levying the proposed war tax. He declared that President Wilson had "bossed" congress more than any previous president.

For the democrats, Senator Ashurst of Arizona "pointed with pride" to the achievements of the present congress, and presented a detailed list of the accomplishments of the administration, asserting that President Wilson had "played the government back in the hands of the people."

Agree to Conference Report.

The conference report on the Clayton anti-trust bill already adopted by the senate was agreed to by the house late today 244 to 54 completing the anti-trust legislation program of this session.

Every democrat and many of the republicans voted for it. The bill now goes to the president.

Twenty-two republicans and six progressives voted with the solid democratic membership for the report. With this out of the way congress has only the war revenue bill and the Philippine measure to dispose of to be ready for adjournment in accordance with the administration plan for the session.

The house is expected to pass the Philippine bill, but it will not be considered before adjournment in the senate where debate on the war revenue measure begins tomorrow.

Primarily the Clayton bill as finally enacted, fixes guilt upon individuals connected with corporations which violate the anti-trust laws. It prohibits unfair price discriminations and the interlocking of directors of two or more competing corporations with stock supply companies and limits the interlocking of bank directors. The bill also prohibits the existence of holding companies which would substantially lessen competition and forbids exclusive and tying contracts.

Provisions of the act liberalize the laws relating to injunction and contempt and exempt from prosecution under the anti-trust laws agricultural, horticultural, fraternal and labor organizations.

TO RUSH WAR TAX MEASURE.

The emergency war tax bill was made the unfinished business of the senate today to be pressed continuously until passed. Senate leaders expressed tonight the belief that the measure would be passed by the end of next week.

PREMIER VIVIANI OF FRANCE TELLS CABINET OF VISIT TO FRONT

LONDON, Oct. 8.—A Bordeaux despatch to the Reuter Telegram Co. says that at a cabinet meeting today Premier Viviani gave an account of his visit to the front with President Poincare.

The premier expressed complete satisfaction with his visit to the general headquarters of the French and British armies. He declared the morale of the troops and their endurance and bravery are admirable. The people who had suffered from the German invasion were bearing bravely under the fate of war, he said, and had confidently resumed the labors in which they were previously engaged immediately upon the repulse of the enemy.

BERLIN ANNOUNCES SINKING OF GERMAN DESTROYER S-126

AMSTERDAM, Oct. 8.—A telegram from Berlin says that the evening papers of the German capital announced that on the afternoon of October 6, the German torpedo boat destroyer S-126 was sunk by a British submarine and that nearly all the crew were saved.

The sinking of the German destroyer was announced by the British admiralty Wednesday but designation of the craft was not given. The S-126 was built in 1904-05 and was 210 feet in length. She carried three 4-pounders, three torpedo tubes and a crew of fifty men.

LORIMER IS INDICTED BY FEDERAL COURT

CHARGES MISAPPLICATION OF FUNDS OF LA SALLE STREET BANK

Gallagher, Munday, Fox and McDonald Are Also Named—Alleged Lorimer and Gallagher Co., Gave Worthless Notes for a Total of \$56,500.

CHICAGO, Oct. 8.—William Lorimer, voted out of the United States senate after an investigation, on the ground that he had not been legally elected, was indicted in the federal court today on a charge of misapplication of the funds of the LaSalle Street National Bank, the forerunner of the defunct LaSalle Street and Trust and Savings Bank. Lorimer was president of both institutions.

The indictment also named Joseph H. P. Gallagher, with whom he had been associated in the Lorimer and Gallagher Co., contractors as a co-defendant, who had aided and abetted in the alleged misapplication of the funds.

The grand jury also returned indictments against three other officials of the bank, Charles B. Fox, vice-president, Charles G. Fox, cashier and Thomas McDonald, assistant cashier.

The indictment against Lorimer and Gallagher is in 36 counts and charges that the Lorimer and Gallagher Co., gave worthless notes for a total of \$56,500. Lorimer is charged with misapplication in buying for the bank these notes which he knew, it is said, to be worthless.

Federal Judge Carpenter fixed Lorimer's bonds at \$15,000 and those of Gallagher at \$10,000.

MESSAGE TELLS DIPLOMATS IN WAR ZONE OF DAY OF PRAYER

Widespread and Favorable Comment in European Press Over President's Action, Prompts Sending of Note.

Washington, Oct. 8.—Secretary Bryan has sent to ambassadors of the capitals of all the warring countries a message telling of President Wilson's day of prayer for peace and the seriousness and sincerity with which the people of the United States responded to it. Widespread favorable comment in the European press over the president's action prompted the sending of the message, which will be communicated to the foreign offices in London, Paris, Berlin, Petrograd, Tokio, Vienna and Antwerp. The message follows: "In obedience to the proclamation of the president, the people of the United States assembled at their respective places of worship on October 4th and joined in prayer for the restoration of peace in Europe. The attendance was very large and there was everywhere a spirit of earnestness. Care was taken that nothing should be said of a non-neutral nature, the trend of the speeches being that God might so direct those in authority in the belligerent nations as to hasten the restoration of peace and that the American people might be wisely guided in the exercise of such influence as they might be able to exert."

DR. FLEXNER TELLS MORE OF HIS WORK ON INFANTILE PARALYSIS

Head of Rockefeller Institute for Medical Research Speaks at Johns Hopkins Hospital Anniversary Celebration at Baltimore.

Baltimore, Oct. 8.—Dr. Simon Flexner, head of the Rockefeller Institute for medical research, speaking at the Johns Hopkins Hospital anniversary celebration here today, added to what he has already publicly said about his work on infantile paralysis.

A year ago Dr. Flexner said here that he believed he had cultivated the germ of the dread disease. Formerly this germ was believed to be invisible and it had been shown that it passes through filters which will hold back particles as large as the ordinary bacteria.

Today Dr. Flexner reported that by cultivating the germ on a special kind of nourishing material it became visible with a high power microscope and that it is at least one-fifth the size of any known form of bacteria.

The doctor said he believed that the disease was transmitted through the respiratory channels rather than by insects, as some have held, and he advanced the theory that perfectly healthy persons often carried the germs in their bodies and infected children.

ANTWERP BOMBARDMENT SHAKES HOUSES TWENTY MILES DISTANT

LONDON, Oct. 8.—The bombardment of Antwerp has been so violent that houses at Rosendaal, a Netherlands town, more than twenty miles distant, have been visibly shaken, according to a telegram from that town to the Central News by way of Amsterdam.

Some wounded civilians have arrived at Rosendaal and the dutch government has ordered all trains to proceed to that place to be held in readiness to transport the refugees and injured. Thousands of refugees already have arrived. Throughout the entire night, the message adds, a red glare illuminated the sky.

CONSUL TO FOLLOW WILSON'S WISHES

Silliman Is Advised Government Desires Only a Peaceful Settlement

SPEAKS AT LUNCHEON

Says There Is No Serious Antipathy and No Hatred In Mexico Toward the United States

ACTS TO PROTECT BORDER

WASHINGTON, Oct. 8.—In dealing with constitutionalist authorities regarding the establishment of a provisional government, Consul John R. Silliman, who left Washington tonight for Mexico City, will follow closely the wishes of President Wilson and other administration officials with whom he has consulted during his brief stay here. The consul was advised the administration would observe strictly neutral relations in the Carranza-Villa controversy and desired only a peaceful settlement.

To members of the National Press club at a luncheon in his honor today Mr. Silliman said the restoration of normal conditions in the southern republic would find Mexico's people and those of this nation more closely bound in friendship.

"I think we will find," he said, "that much has been said in haste and bitterness and that there is no serious antipathy and no hatred in Mexico toward the United States. I find no reason why the friendship between the two nations should not become stronger, broader and deeper in the new Mexico than it has been in the old."

General Bliss, commanding the border forces, telegraphed the war department tonight that every possible step to protect Americans from danger of fire from the Maytorena Hill forces in the battle at Naco, had been taken. He forwarded a message from Col. Hatfield, commanding the Second cavalry brigade at Douglas, Ariz., saying that Maytorena informed him that armistice with Hill was over and that an attack on Naco would begin in earnest; that Maytorena would do all possible to prevent injury to the American side. The message said American troops co-operating with civil officials had done everything possible for the protection of inhabitants and that many have left town. Four troops and a machine gun troop of the Ninth cavalry and four troops of the Tenth cavalry are now at or in the vicinity of Naco.

The constitutionalist agency here announced tonight the receipt of the following message from Mexican consular agent, F. S. Elias, at Douglas: "Yesterday Col. Guilfoyle, commander of the American troops at Naco, made the following statement to me:

"I am convinced that the U. S. soldier who was wounded was not fired on by the Mexican troops with malicious intent or premeditation. The American troops in care of the border line are strung out over a distance of one mile and are situated midway between the Yaqui Indian command of Maytorena and the entrenched troops of Hill. I think that soldiers in both of the camps mistook my men as troops of the enemy and fired upon them under this misconception."

Prepare to Protect Border.

Naco, Arizona, Oct. 8.—Warlike preparations are being made in the camp or the American border to protect the neutrality of the boundary.

The siege of Naco, Sonora, where General Benjamin Hill is entrenched with his Carranza troops with Governor Maytorena, the Villa partition, has for six days amounted to a practical bombardment of the American town. In addition to the patter of rifle fire and the stream of machine gun bullets, directed hither and charged to the execrable marksmanship of both sides, Col. Guilfoyle, Ninth U. S. cavalry states that at one time his troops were evidently mistaken for the enemy by both of the fighting factions.

Barriadas have been thrown up by the American troops and every thing done for the protection of the boundary. A string of American flags now marks the international line.

Colonel C. A. P. Hatfield, thirteenth U. S. cavalry from Douglas, Arizona, is in charge of the American troops. Col. Guilfoyle commanding the Ninth and Col. Brown, the Tenth U. S. cavalry.

The troops comprise about 1,800 men with a machine gun platoon. Further reinforcements are expected.

SULZER FILES PETITION.

Albany, N. Y., Oct. 8.—A petition designating William Sulzer as nominee for governor on the American party ticket was filed with the secretary of state today by Mr. Sulzer himself. He said the petition contained 11,000 names, 5,000 more than the number required.

JOHN J. REEVE.

Republican Candidate for County Judge of Morgan County.

John J. Reeve was born and reared on a farm east of Jacksonville, and has lived in the county substantially all of his life, his ancestors having been among the earliest settlers in the county. He began the active practice of law in 1891, in Jacksonville with Morrison & Whitlock; served as City Attorney of Jacksonville from 1895 to 1899, and in 1899 formed a partnership with the late Isaac L. Morrison and Thomas Worthington, under the firm name of Morrison, Worthington & Reeve. This partnership continued until the death of Mr. Morrison in 1901, after which the firm name was Worthington & Reeve until 1912, when Mr. Hugh Green became a member of the firm.

Mr. Reeve's practice has brought him into one side or the other of most of the important litigation in this county, and of as much in adjoining counties.

He is now president of the Morgan County Bar Association, is a member of Grace M. E. church, Grand Master at Arms of the Order of Knights of Pythias. He is also a member of the I. O. O. F., M. W. A., Elks, Masons, including the Order of Knight Templar, a member of the Order of Red Men and of the Court of Honor.

Aside from criminal business, the County Court is now of far greater importance to the people of the county than the Circuit Court, as it handles a much greater volume of business affecting the most intimate business and domestic relations of the people. In all this class of business Mr. Reeve has had a wide experience, including such cases as the settlement of estates, special assessment and drainage matters, criminal cases, the management of the estates of minors and insane persons, the handling of matters relating to taxation, and such other subjects as necessarily come before the county court. His experience in all this class of business will be of great value to the people of the county, if he is elected county judge, and will save to them a large amount both in time and money. He already knows how to despatch the business of the court and do it promptly. His experience, training and character eminently fit him for the office of County Judge and it is to the interest of the people that a person with these qualifications should be elected to that important office.

THOMAS HUGHES.

Republican Candidate for County Clerk.

Thomas Hughes, Republican candidate for County Clerk came to Jacksonville with his parents when a boy 12 years of age. He attended the public schools and also Brown's Business college. His brother John H. Hughes was foreman at the J. S. F. shops and he went with him and learned the trade of blacksmith, working at the shops for nearly 17 years. He was always popular with the employees and every one who has ever worked at the C. P. and St. L. shops, has a good word for "Tommy" as he was familiarly called. He was secretary of the Mutual Benefit Society, from the time of its organization until he left the shops and a Charter Member of the International Brotherhood of Blacksmith Helpers.

Mr. Hughes resigned his position to become a deputy in the county clerk's office under Mr. James S. Merrill and made a good record for efficiency and faithfulness.

He is a member of Harmony lodge No. 3, A. F. and A. M., and was for several years Recording Secretary of Illinois lodge No. 4, I. O. O. F., and also Noble Grand of the Degree staff, and it is said has given the work to more members than any one in this part of the state. He is also a member of the Central Christian church of this city.

Mr. Hughes is the type of man that the people want for office and is making as strenuous a campaign, as his circumstances will permit, for as shown above has always worked hard for a living. We sincerely hope all his friends will take up the fight for him and use their best endeavor in his election. The Journal earnestly commends him to the voters of this county. This is the first time he has ever run for a public office.

D. E. SWEENEY IS CHOSEN HEAD OF CATHOLIC KNIGHTS OF ILLINOIS

Returns from Convention of Order Held in Belleville—Is His Ninth Term in Office.

D. E. Sweeney has returned from Belleville where he attended a three days convention of the Catholic Knights of Illinois, of which order he was elected supreme president for the ninth term.

The convention was largely attended and proved an unusually interesting one. Most of the old officers were re-elected and the report of the custodian showed \$268,000 in the reserve fund. This fund was built up by the purchasing government, county and municipal bonds, and the order has bought some of Jacksonville's municipal bonds. The organization has been in existence for thirty-six years and is accounted one of the strongest Catholic societies in the country. Among its provisions is one that any person who has been a member for twenty-five years and has attained the age of 70 years will receive a paid up policy and another is that any person who has been a member for twenty years and is 60 years of age is entitled to receive 10 per cent of the face value of his policy a year.

Mr. Sweeney's election as head of the organization speaks well for his service as its president and shows that his years of administration of the affairs of the organization have in no small measure aided in building up the organization.

GO OVER ILLINOIS AGGRESSIVE CONGRESSIONAL CAMPAIGN

President Discusses Situation With Four Political Leaders—Gather Material to Defend War Revenue Bill.

Washington, Oct. 8.—Plans for an aggressive congressional campaign this fall were gone over tonight at a conference between President Wilson, Postmaster General Burleson, Chairman Doremus of the Democratic congressional committee, Secretary Tamm and Thomas J. Pence of the Publicity Bureau of the National Democratic committee.

Particular attention, it was decided, will be paid to the fights in New York, Iowa, Pennsylvania, Indiana, Kansas, New Jersey, Colorado, South Dakota, Wyoming and Tennessee. The president was told by his advisors that the Democratic speakers would lay particular stress on his own accomplishments.

Anticipating an attack on the war revenue bill, Democratic leaders are gathering material for the defense of the measure. The president's declaration in his special message to congress that the tax was necessary to maintain the financial stability of the government will be the main arguments of the Democratic campaign speakers.

HOLDS MILITIA HAS NO RIGHT TO PUNISH FOR INSURRECTION

HELENA, Mont., Oct. 8.—The supreme court of Montana held today that the national guard of Montana, now maintaining martial law in Butte, has no right to punish for insurrection or other violations of the law. The decision was rendered in the case of Daniel Gillis, a rioter, who was tried and convicted in the military court at Butte.

The court refused to grant Gillis a writ of habeas corpus and ordered that he be dealt with according to law, holding that his trial and detention by the militia was unlawful.

The court held that while the governor is authorized to detail the militia to suppress insurrection, neither the governor nor the militia can lawfully punish for insurrection or other violation of the law.

DECLARES CO-OPERATION AMONG FARMERS IS NOW A NECESSITY

PHILADELPHIA, Oct. 8.—That the success of the individual farmer in America has passed and that co-operation is now a necessity, were declarations made by Professor Paul Work of Cornell University, in an address today before the convention of the Vegetable Growers Association of America.

"Co-operation is the surest hope of the American farmer and vegetable gardeners in the future," he said. "The small farm has been the last stronghold of the individualist in the field of our national business."

"If all farmers are ever to enjoy prosperity and returns proportionate with their brothers, they will unite in co-operation and I look for the day when the whole country will be covered with a network of farmers and vegetable growers' organizations."

PLANK DEMANDS RETIREMENT OF NEW HAVEN DIRECTORS

Providence, R. I., Oct. 8.—Planks demanding the retirement of New York, New Haven and Hartford Railroad directors (and declaring for equal suffrage) are included in the platform adopted today by the democratic state convention. Patrick H. Quinn, of West Warwick, was nominated for governor, defeating Addison P. Munroe, of Providence.

The platform endorses President Wilson and approves the administration tariff, currency, income tax and anti-trust legislation.

UNCLE TOM'S CABIN

In Five Acts—By Harriet Beecher Stowe.

America's Most Famous Play, with Famous Cast and Wonderful Photography, Featuring Irving Cummings as Harris and Mary Blaine, the 'Tanhauser Kid,' as Little Eva.

SYNOPSIS—Geo. Shelby is forced to sell his faithful old slave Tom and the infant son of Eliza Harris, in order to save his property from Haley, the slave trader and holder of the mortgage. Eliza hearing she is to be separated from her baby, makes her escape to join her husband, George Harris, who, with Venice, were well on their way to freedom. Learning of the departure, Haley immediately puts the hounds on her trail. The searching party arrives on the river bank in time to see Eliza leaping over the broken ice, upon which the dogs and men feared to tread. A second party is organized by Lawyer Marks, but fails to capture the fugitive, who has been befriended by a kindly Quaker and has in the meantime joined her husband.

During the sail to Haley's plantation Tom's attention from his Bible, is attracted by the cry of "Overboard." Making a bold rush, this wonderful old man leaps into the water and brings little Eva St. Clair, who has wandered from her aunt and fallen overboard, to safety. This noble deed caused his purchase by St. Clair, who treated him with every kindness, making him a companion for his small daughter Eva, who joyed in Uncle Tom's explanation of the Bible.

Sadness finally came, when little Eva dies, and a second calamity, when her father is killed separating two roughs in a quarrel. This necessitates the sale of his slaves and property.

Uncle Tom falls into the hands of Simon Legree, the most brutal slave owner of the South. His life is simply a matter of how long it can last under the terrible strain and treatment he receives. The final blow came when Legree's housekeeper, Casey, and his favorite slave, Emeline, escape during one of his debauches. Going to Tom, he demands to know their whereabouts. Being unable to give this information, Tom is flogged and cast into a corner to die.

Young Shelby, now a man, searches the South to fulfill his youthful promise to buy Tom. He reaches the little hut just in time to cheer the dying hour of his old slave, who has just enough life left to show his gratitude.

PLACES DAMAGE TO PAPETTE BY GERMAN CRUISER AT A MILLION

Associated Press Correspondent Says Small Loss of Life is Unquestionably Due to Defective German Gunnery.

San Francisco, Oct. 8.—The correspondent of the Associated Press at Papette, writing under date of September 25, three days after the settlement was shelled by the German cruiser Scharnhorst and Giesau, places the damage done at "more than \$1,000,000." Estimates given yesterday by passengers and officers of the steamship Moana, ranged from \$500,000 to \$2,000,000.

"The small loss of life," writes the correspondent, "is unquestionably due to defective German gunnery. Some of the shots went extremely, even absurdly wide of the mark and, although one hundred and sixty-one 8.2 inch shells were fired at the forts, no damage was caused to the batteries or works and no one was injured."

"The cruisers did not enter the harbor, but lay off shore, out of range of the inferior French guns. After vigorously shelling the forts to no purpose, the river patrol boat Zeelee, which had been dismantled at the beginning of the war, next claimed attention. She sank almost immediately. Some of the 8.2 inch shells passed clean through her, but being badly timed, did not explode until they had ploughed into the buildings composing the business district, on the waterfront."

"It was the stray shots that set fire to the warehouses and killed one Chinese and one native boy. Fragments of shrapnel peppered the American consulate but did no serious damage."

"Not a combatant was injured ashore or afloat, but there are fears that the administration schooner, with Monsieur Marcade, administrator of the Paumotu on board, was sunk later."

LARGE CROWDS GREET BRYAN ON NORTHWESTERN OHIO TOUR

Secretary of State Especially Urges Re-election of Ohio Democratic Members of Congress.

Kenton, Ohio, Oct. 8.—Large crowds greeted William Jennings Bryan today in his tour of northwestern Ohio in behalf of the Ohio democratic ticket. The day began with an address at Bucyrus, where Mr. Bryan delivered his first address to a multitude, principally farmers. The re-election of Governor Cox, the election of Timothy S. Hogan, Democratic nominee for senator, and the re-election of Ohio Democratic members of congress were especially urged. The senatorship and seats in congress were held necessary in connection with the carrying out of Democratic policies at the national capital.

Mr. Bryan did not refer to statewide prohibition, which is to be voted upon in Ohio in November.

When advocates of woman suffrage asked him to discuss that subject in his addresses he referred them to a recent public statement by him, but said that as the party had not taken a position on that question it was not a proper subject for discussion in this campaign. Mr. Bryan's itinerary during the day took him also to Bryan, Wauseon and several other points and wound up with the night meeting at Lima.

FOUR NEW EPISCOPAL BISHOPS ARE ELECTED AT MINNEAPOLIS

Proposal to Reduce Number to Two by Combining Diocese is Defeated After a Long Debate.

Minneapolis, Oct. 8.—Four new bishops were elected today by the house of Bishops of the Episcopal church in session here. Those chosen were:

Rev. Herman Page, rector of St. Paul's church, Chicago, who will preside over the diocese of Spokane.

Rev. Paul Jones of Salt Lake, diocese of Utah.

Rev. George Coolidge Hunting, of Berkeley, Cal., diocese of Nevada.

Rev. Herman R. Hulst of New York, diocese of Cuba.

A proposal to reduce the number of bishops to be elected from four to two by combining the diocese of Utah and Nevada and the diocese of Cuba and Porto Rico was defeated after a long debate.

The board of missions will meet tomorrow and in the evening the opening services of the council of the sixth missionary department, which includes all of the northwest, will be held.

GUESTS RETURN HOME.

Mr. and Mrs. C. C. Marshall and son, Charles of Belleville, who has been visiting with her sister, Mrs. Charles Rafferty have returned to their home in their Buick automobile. Mrs. Rafferty accompanied them as far as Alton and came home from there on the train.

WITH SICK PEOPLE.

Mrs. J. B. Howard of Peoria, who is visiting her sister, Mrs. Charles Williams, of 905 South Main street, is reported on the sick list.

Miss Bessie Zachary, daughter of S. T. Zachary of the vicinity of Franklin, who has been quite ill with typhoid fever for the past five weeks, is convalescing after a relapse, and to sit up a few minutes daily.

backfield with Humphrey at Quarter. Humphrey has been playing half-back for several years. Beaver who played center last fall has been moved to right tackle and Boone, a new student is playing center. The rest of the line will be played by the two Siebrings, Nutter, Graham and Kirby.

Coach Harmon has been giving his men some hard practice and the new men are being initiated into the secrets of the various plays. The two new football players who registered Wednesday will not be able to get in the game against Lincoln but they will be in trim for the following contest against Normal.

All the contests between Illinois and Lincoln have been close, both teams fighting it out to a finish, with close scores in every instance. The records show the following scores for the past three years.

1910—Illinois 0; Lincoln 3.
1911—Illinois 6; Lincoln 0.
1912—Illinois 7; Lincoln 0.
1913—Illinois 7; Lincoln 6.
1914—Illinois 0; Lincoln 7.
Coach Harmon has announced the following line-up:

Left end—Pierce.
Left tackle—Mitchell.
Left guard—Butcher.
Center—Atholson.
Right guard—Allen.
Right tackle—Frieble.
Right end—McLaughlin.
Quarterback—Stewart or Gary.

FATHER OF ARCHIE DAWSON SEEKS TO IDENTIFY ACCIDENT VICTIM

Harry Dawson in Nebo This Morning to See Body of Boy Found Crushed Beneath Wheels—Charles Anderson Appears in Nick of Time.

Harry Dawson left Jacksonville via the 8 o'clock Kansas City Express Thursday evening for Nebo to identify the C. & A. accident victim found dead early the same morning along the right of way, and who, according to all facts so far known, must be his son, Archie Dawson. The young man was picked up at 4:30 o'clock Thursday morning by the crew of freight train No. 125, in charge of Conductor Hays. Both arms were torn from the body and his head was crushed. Railroad men at Nebo thought Thursday evening that the victim may have met death some hours before, possibly by the Hummer.

The description telephoned W. W. Gilliam of this city by Harvey & Gant, the Nebo undertakers, tallies exactly with that of young Dawson and the story of his companions would indicate that he was the victim.

The story gained circulation shortly before noon Thursday that Chas. Anderson had been killed at the Pike county town, but this was disproved later in the day in a manner somewhat dramatic.

The boys' story. The boys with Dawson claim to have left the city on a freight Sunday night and to have gone first to Granite City and St. Louis.

After a day's stop in the latter city they boarded a train on the Missouri Pacific railroad and in due time arrived in Kansas City. Not finding things in that city to their liking they again boarded a C. & A. train and arrived in Mexico, Mo. Wednesday evening. The young men each of whose ages approximate eighteen years, were Charles Anderson, son of Mrs. Carrie Anderson of 613 North Main street; Arch Dawson, son of Harry Dawson, 1225 Tencick street, and Lionel Hare, son of W. A. Hare, of North Main street.

Thursday morning a telegram was received from J. R. Gant, undertaker at Nebo, Pike county, stating that a young man had been killed by a train at that place and the only means of identification was from a name on the hatband which was "Charles Anderson, Jacksonville, Ill.," and asking that his friends be notified.

Mrs. Anderson, mother of the young man, was notified and she called at the parlors of W. W. Gilliam and arrangements were made for a messenger to be sent by him to procure the body and bring it to this city. Clinton Patton, one of Mr. Gilliam's assistants, was instructed to perform the duty and was on the afternoon train prepared to make the trip. Just as the train started to pull out a boy called out to Mr. Patton, "Here's your man" and Anderson appeared. Hurriedly learning from the young man that he was the party in question, the train was detained sufficiently long enough to enable Mr. Patton to secure his suit case and outfit and get off the train. In the meanwhile the mother of the young man had visited Jacksonville cemetery and had secured a lot in which to place the body on its arrival. Mrs. Anderson was at once notified of the error and was naturally rejoiced to learn the news and have her son once more with her in life.

Boys Exchange Hats. A reporter found Anderson and Hare and obtained the details narration above. It was learned also that upon their arrival in Mexico, Wednesday evening it was decided that they would return home from that point, but they could not agree as to what train they should take, as Dawson favored riding on the Hummer, and the other two on a freight, as the rain was falling copiously and the riding in wet clothing on the outside of a car was to be dreaded. Anderson and Hare left the depot, going up the track on one side of a standing freight train, leaving Dawson alone on the other side of the train. In a short time the Hummer came along and after it had passed the boys called to Dawson to ascertain if he was going on the freight train with them, but obtaining no response to their calls they supposed Dawson had left on the Hummer. They did not see Dawson after they separated in Mexico. Anderson stated his belief that the man mentioned in the telegram was their missing companion, as he and Dawson had exchanged hats while in Kansas City. From the description of the clothes worn by the young man, whom it was reported had his arms torn off and a large gash cut in his skull—it was the belief of Harry Dawson that the young man was his son.

Young Hare has for some time been employed by the Snyder Ice & Fuel Co. Anderson was for a considerable time in the employ of Cherry's livery and has of late been working for Cain & Sons. John M. Vasconcellos, manager of Cherry's, was at once notified when word came of the supposed death of Anderson and on him devolved the task of notifying Mrs. Anderson.

The train for Kansas City upon which Mr. Dawson left last evening, was due in Nebo shortly after one o'clock and arrangements had been made for stopping the express, it being routed as a through train at Nebo.

DEFECT CLEANED UP. The cleanup benefit at the Grand Opera house proved a very successful event Thursday evening despite the threatening weather and there now remains no deficit in the accounts of the cleanup committee. Over eight hundred were present to see the "Cycling Brunetts" who appeared in a big time vaudeville act at the Grand last night and pleased the audience greatly with the originality and novelty of their performance.

"CASCARETS" ALWAYS STRAIGHTEN YOU UP

To-night! Clean Your Bowels and End Headaches, Colds, Sour Stomach.

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10 cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

LETTERS FOR LOCAL DELIVERY WERE LARGE

During the first 7 days in October the employees at the Postoffice made a count of the number of letters which were mailed for local delivery which was 7322 and the amount of postage on the same was \$146.62.

This does not include circulars, postal cards, printed matter or parcel post, which would have increased the total by 4300 pieces, making a total of 11,622 pieces for the week.

NOTICE TO CONTRACTORS.

Sealed proposals will be received by the county commissioners until 2 p. m. Saturday, October 10th, 1914, for the construction of 1200 cubic yards of open ditch on North Main street road. Bid must be accompanied by a certified check for 5 per cent of the total bid. Plans and profile may be seen at the office of the county superintendent of highways. Bids to be mailed to C. A. Boruff, county clerk, Jacksonville, Ills. and marked proposal for open ditch construction.

WAR PRISONERS TREATED HUMANELY

At Laws of Civilized Warfare Are Lived Up to Prisoners Will Not Have Such a Wretched Time.

London, Oct. 8.—Great interest attaches to the lot of the many thousands of soldiers taken prisoners on all sides of the great European war, and there has been much speculation as to the hardships these captives must undergo before the end of the conflict. As a matter of fact, however, the lot of the prisoner is not necessarily wretched or of unmitigated hardship, for the rules governing the treatment of prisoners of war are clear and explicit, as defined in International agreements embodied in The Hague Convention, the Geneva Convention, and the Declaration of London.

If these provisions are lived up to the fate of the prisoners of war will be far less disagreeable than is commonly believed. There have been many reports emanating from each side of the present war, in which first one party and then the other has been charged with treating the laws of civilized warfare as merely paper promises to be disregarded in actual practice. There have been, however, no authentic reports of ill-treatment of prisoners of war by any of the armies engaged in the present war. The nation which captures its enemy's soldiers and holds them as prisoners is made entirely responsible for whatever happens to them, and shoulders a responsibility commensurate with the number of prisoners it takes. The prisoners, on the other hand, are by international law obliged to be as frank with their captors as the captors are with them. In return for humane treatment a prisoner must, when questioned by his captors, give his true name and the rank he holds in the army in which he served.

Contrary to general belief, he is not stripped of everything and thrown into a dungeon to be starved on stale bread and water, but can lawfully be deprived of nothing except weapons, horses and military papers. Furthermore, the prisoner of war must have complete religious liberty, in the exercise of which he may pray as much or as devoutly as he wishes for the victory of his country and his own speedy deliverance from captivity.

The prisoner of war may be interned in a town or a fort, or even in a camp, according to the convenience of his captors; but he may be confined only according to the law, "as an indispensable measure of safety," and then only so long as the circumstances make necessary. To be sure, in this respect the commanding officer of the victorious forces has wide discretion in interpreting just what measures are indispensable. At other times, when the prisoner is unconfined, he is subject to all the rules and regulations of the government and army capturing him, and if he refuses to obey these rules and acts in an insubordinate manner toward the commanding officer over him he is liable to punishment and discipline, according to the offense committed. The degree of such punishment is again left largely to the discretion of the officer in question.

If a prisoner attempts to escape and is captured by his guards before he can do so, he is liable to severe punishment. On the other hand, if he eludes his captors and rejoins his army and if that army is again unfortunate and he is captured a second time, his prior escape shall not be counted against him and must go unpunished. He is thereafter treated once more merely as an ordinary prisoner of war.

The government that holds a soldier prisoner of war is chargeable with his maintenance and must provide him with food and clothing and shelter as good as that provided for its own troops. The officers of the captors are required to keep records of all prisoners under their charge, and if relief societies wish to minister to their needs or comforts the officers in command must afford them every facility to do so. If the prisoner's friends or relatives send presents and clothing, medicine or the like, to him such goods must be admitted to him free of any war duty, and the railroads owned by the captor government are obliged to carry such supplies free of charge. War prisoners may be put to work by the government that captures them, and their duties should be assigned according to their aptitude, fitness and rank. Frequently they are set to work in the fields gathering in the harvest neglected by its own farmer soldiers, or working in the mines. The tasks may not be unduly severe, so as to border on cruelty, and they may have no bearing whatever on the operations of the war. The prisoners must be paid for the work they do at a rate equal to that being paid to soldiers of the national army.

HALE STATUE AT YALE.
New Haven, Conn., Oct. 8.—The statue of Nathan Hale, designed by Bela Pratt, is now in its place near the east side of Connecticut Hall, the only building of Yale's time now remaining on the Yale campus. The bronze figure, which is but a few inches above life size, represents Hale at the moment of his sacrifice. The aim of the sculptor was to represent a youthful, and even boyish figure, since Hale, although he was a captain of the army of the United States, had not long passed his twenty-first birthday when he met his fate. His last words: "I only regret that I have but one life to give for my country," form a circular band of lettering east in the bronze just below the feet of the figure. The statue, modest in its simplicity, has three feet above the top of its hampered granite chosen on account of its homeliness with the old masonry of Connecticut Hall just behind it.

GOOD RESULTS FROM ANTI-CHOLERA SERUM

Evidence of Value of Anti-hog Cholera Serum in Preventing Spread of Disease.

An interesting report received by the department from county agents in fifteen Southern States affords additional evidence of the value of anti-hog cholera serum in preventing the spread of this disease. Although many authorities do not advocate the treatment after the hog has become visibly affected, this report appears to indicate that a considerable saving was effected in this way.

Briefly summarized, the figures are as follows:
Number of hogs given single treatment—34,266.
Number of hogs that were well when treated—27,226.
Number died that were well when treated—608.
Per cent died that were well when treated—2.22.
Number of hogs that were sick when treated—7,040.
Number died that were sick when treated—2,057.
Per cent died that were sick when treated—29.21.
Number of hogs given simultaneous treatment—7,713.
Number of hogs that were well when treated—7,410.
Number died that were well when treated—179.
Per cent died that were well when treated—2.41.
Number of hogs that were sick when treated—303.
Number died that were sick when treated—160.
Per cent died that were sick when treated—52.85.
Total number of hogs treated—41,979.
Total number of hogs died—3,066.
Per cent of hogs died—7.15.
Total number well when treated—34,636.
Total number died that were well when treated—787.
Per cent died that were well when treated—2.27.

It will be noted that of 34,636 animals in good health but exposed to contagion from the disease, 787 died after receiving the treatment. This is a loss of only 2.27 per cent, which is regarded as highly gratifying. Of the total number inoculated (41,979 hogs) 3,004 died, or a percentage of 7.15. It must be remembered, however, that the serum is to be regarded in the light of a preventive rather than a cure, and it is probable that many agents inoculated animals in which the disease was so far advanced that there was little hope of their being saved.

In addition to the treatment by inoculation, sanitary and other precautions are indispensable. The hogs should be fed on cooling, laxative food for a few days after receiving the treatment and should be moved to clean, uninfected pens where there is plenty of shade. Care should also be taken to free them from lice and worms, and the following remedy for worms is suggested by the Kentucky experiment station:
Santonin grains, 2 1-2
Arecua nut drams, 1
Calomel grain, 1
Sodium carbonate dram, 1
This dose is for 100 pounds of live weight. It should be given on an empty stomach, preferably in the evening in slop, after the hogs have been without food for 12 to 24 hours. On the following morning, each hog should receive a tablespoonful of Epsom salts.—From U. S. Dept. of Agriculture Weekly News Letter.

Spending and Saving

(By Walt Mason.)

Jim Jimpson's drawn a princely wage for seven years or more; he's selling sassafras and sage at Dinky's doodad store. As salesman he is Number One, he has a fetching style, so Dinky pays him lots of mon, and he should have his pile. On Saturday he drew his wage, so big it springs his knees; alas, he scatters it abroad, as though it grew on trees. By Tuesday noon he's always broke, his gorgeous roll he's blown; and so he hunts up Sammy Smoke, and works him for a loan. This Sammy Smoke, a sprigal meek, is junior in the store; he pulls down thirteen plauns a week, and never handled more. He keeps close tab on every buck, each week he salts down five, and while the others cuss their luck he always seems to thrive. When Jim at last is out and down, as spenders always are, Sam Smoke will junket through the town in his own touring car. It isn't what a fellow earns that makes him poor or rich; it's what the gay high roller burns that dumps him in the ditch. Old age must come to all, you bet, unless we die too soon, and then what oodles of regret fills life's late afternoon. If we in poverty are sunk, our last resources spent; how we bewail the vanished plunk that easy came and went!

Our altruistic nature impels love for the smiling infant. And at the same time the subject of motherhood is ever before us. To know what to do that will add to the physical comfort of expectant motherhood is a subject that has interested most women of all times. One of the real helpful things is an external abdominal application sold in most drug stores under the name of "Mother's Friend." We have known so many grandmothers, who in their younger days relied upon this remedy, and who recommended it to their own daughters that it certainly must be what its name indicates. They have used it for its direct influence upon the muscles, cords, ligaments and tendons as it aims to afford relief from the strain and pain so often unnecessarily severe during the period of expectancy.

Every woman should mention "Mother's Friend" when the doctor is the subject of conversation. An interesting little book is mailed free upon application to Bradfield Regulator Co., 505 Lamar Bldg., Atlanta, Ga. It refers to many things that women like to read about. It also contains more complete directions than could be put upon a label. It refers not only to the relief from muscle strain due to their expansion but also to nausea, morning sickness, eating of breasts. Get or recommend a bottle of "Mother's Friend" to-day and write for the book.

The effect of this splendid external application is an expression of the thousands of women who have successfully used it and recommended it through two generations.

"THIS IS MY 54TH BIRTHDAY."

General Leonard Wood, who recently completed his term of duty as Chief of Staff of the United States Army, was born Oct. 9, 1860, Winchester, N. H. His position is unique in the history of the American regular army, inasmuch as it is extremely rare for an officer to rise to the highest position after having begun his military career at so late an age as did General Wood. He received a medical education and his first connection with the army was in 1886 when he was appointed an assistant surgeon. In the Geronimo campaign of the same year he went with the forces to the scene of hostilities and afterward received a medal of honor for his services. His opportunity came when war was declared with Spain. At the beginning of the conflict the young surgeon, assisted by Theodore Roosevelt, who had resigned his position as assistant secretary of the navy, organized the famous regiment of Rough Riders. Wood was made colonel of the regiment, Roosevelt being lieutenant colonel. Upon the surrender of the Spanish forces at Santiago in 1898, Wood was appointed military governor of that city and after that his rise was rapid. In December, 1899, he became military governor of Cuba, and by the fall of 1903 he had been advanced to the rank of major-general in the regular army.

U. S. LACKS TIN DEPOSITS.

Washington, D. C., Oct. 8.—Tin is one of the few metals that are abundant in some other parts of the world but not abundant in the United States, according to the United States Geological Survey. An equivalent of only 84 tons of tin ore, valued at \$36,970, was produced in the United States during 1913. The largest quantity of tin was taken out of Buck Creek, Alaska.

The Federal Malay States (referred to as the Straits, or Straits Settlement) produce by far the greatest quantity of tin, and nearly all of it comes from alluvial deposits, only a little being obtained from veins. During 1913 the shipments amounted to 56,142 short tons, against 54,231 tons in 1912. The Federated Malay States produce much more tin than any other country, and the output is practically all from placers. Dredging is now an important and growing mode of tin mining.

The English output from Cornwall is estimated at 5,000 long tons (5,600 short tons). The Chinese shipments from Hong Kong were reported as 4,335 short tons, while Nigeria is credited with a production of 3,577 tons and South Africa with an equivalent of 2,970 tons of metallic tin.

The Bolivian ore, which it is now proposed to smelt in the United States to supply the war shortage, is all derived from veins, and that country is by far the largest producer of lode tin.

The value of tin imports for 1913 amounted to \$47,295, 059. The imports of tin for consumption were third largest on record and amounted to about 40.8 per cent of the world's production.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take Tablespoonful of Salts if Back Hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

STRUGGLE OPENS WITH CAMPAIGN OF THREATS

READ LIKE BULLETINS FROM FOREIGN WAR ZONE.

Indications are that series will be modeled along lines of European conflict—Stallings threatens to punch Mack's nose—Weatherman threatens rain.

Philadelphia, Oct. 8.—Unless all signs fail, the world's series of 1914, which opens here tomorrow will be modeled along the lines of the European war. The spirit of brotherly love, for which the Quaker city is noted, appears to have been crowded into the background. The struggle for the premier baseball honors of the universe opened with a campaign of threats that read like bulletins from the foreign war zone.

Manager George Stallings of the Boston Nationals, threatened to punch Connie Mack, of the World's Champion Athletics, on the nose; Director Porter of the department of public safety threatens to investigate ticket graft scandal; the national commission received an alleged shortage of pasteboards and, to cap the climax, the weatherman threatens rain for tomorrow.

Conflict Stirs City.
Not since the memorable struggle between the Philadelphia Americans and the New York Nationals in 1911 has this city been so stirred by baseball conflict. Both the players and their thousands of followers appear to take the coming contests with unusual seriousness and it is certain that every game of the series will be fought to a finish with a grim earnestness that includes no quarter for the foe.

The demand for seats to Shibe park surpasses that of past world's series in which the Athletics have been participants and thousands of fans have been unable to purchase tickets through the ordinary channels.

Local fandom has been augmented by delegations from Boston, New York, Baltimore and Washington, and both hotel proprietors and baseball magnates are at their wits ends trying to accommodate the gathering clans.

Statements and denials issued from the camps of the rival clubs, help to keep interest keyed up to an unusual pitch. This is especially true of the controversy between the two club managers regarding the use of Shibe park for practice today.

Manager Stallings of the Boston Nationals accused Connie Mack of the Philadelphia Americans of unsportsmanlike conduct and during a telephone conversation this afternoon threatened to punch the World's Champions' leader on the nose at the first opportunity. The first trouble arose over Stallings' request for the use of Shibe park for practice. He made the request to Mack in person and the Athletics' manager assured him he was welcome to use the park at any hour except between 2 and 3 o'clock this afternoon when the local club was scheduled to practice.

Mack Makes Statement.
"I cannot understand how the trouble arose," Mack said. "Stallings asked me for the use of the park today during a conversation on Wednesday. I told him that Boston could have it at any hour except between 2 and 3 o'clock, when I had ordered the Athletics to report for a final workout. He made no protest and early this morning I learned that he had charged me with unsportsmanlike tactics. I called him up on the telephone and explained that I could not reach all my players in order to notify them to report at some other hour and asked Stallings if he would not be satisfied to practice at Shibe park either before or after 2 p. m. Stallings accused both the Philadelphia club and myself of double dealing and one word led to another until we both said things we should not have said."

"Yes he threatened to punch me when we met, but I am sure he did not mean it. I don't see why he was so anxious to practice at Shibe park at exactly 2 o'clock. McGraw of the Giants, never made such a request and we never practiced at either the New York or Chicago parks previous to the world's series of 1911 or 1910. Still, I was perfectly willing that the Boston players should use our park if they wanted to and I cannot see why Stallings should have become angry when I could not re-arrange my plans at the eleventh hour to his liking."

Practice at National Park.
Because of the trouble the Boston players did not go to Shibe park at all but confined their practice to the National league grounds, five blocks away. The Braves spent more than an hour in batting and fielding while the Athletics were having a similar workout at their own park. Both managers reported that their players were on edge for the opening game, but neither would state the exact order of batting or the pitchers who would be called upon to work in the initial contest. The general opinion is that Rudolph will be Stallings' choice because of his extended experience, while Bender will be Mack's selection since he is known as a sure money pitcher and the regular opener for the Athletics in a world's series.

With the exception of Deal at third in place of "Red" Smith, who broke his leg in Brooklyn on Tuesday, the Boston club will take the field in the order in which it played during the closing weeks of the National league season.

McInnis will play first base for the Athletics.

The players and managers of both clubs professed confidence in their ability to win. Stallings and his Boston Braves repeated the statements made earlier in the week that the standard of play which carried them from last to first place in

ETAWAH TAKES \$5000 TRANSYLVANIA STAKE

REDUCES OWN RECORD FOR A THREE HEAT RACE

Murphy is Leading Driver of the Day Taking the Kentucky Pacing Futurity with Anna Bradford and the 2:20 Pace with Baron Marquette.

Lexington, Ky., Oct. 8.—The 25th renewal of the Transylvania stake was today won by Etawah, driven by Geers and owned by F. J. Jones. The record for the stake of 2:04 1/4 made by Penisa Maid, in 1909, was beaten in each heat, reducing Etawah's own world's record for a three heat race, made last week at Columbus. Omar and Star Winter were the contenders. Peter McCormick was distanced in the first heat. Mayne broke on the first turn in the second heat, but was placed last by the judges because of interference by Shuler, who was driving Peter McCormick on the track while the heat was trotted.

Murphy was the leading driver of the day, winning the Kentucky Pacing futurity with Anna Bradford and the 2:20 pace with three-year-old Baron Marquette. The unfinished 2:17 trot was won by Hazel Laing, driven by Andrews.

Robert W. Leggett to W. H. Naylor, warranty deed, \$1.00; south one half lot 10, block 3, Lorton and Kedzie's addition to Jacksonville.

MOVED LARGE BOILER.
William Nunn has completed hauling the large boiler to the high school building. It weighed 18,000 pounds.

The National league was fast and steady enough to bring the world's championship to Boston. Stallings appeared to be bubbling over with enthusiasm and predicted that his club would surprise the Athletics and their supporters. Connie Mack maintained his usual reserve and refused to forecast the result.

So far as the general wagering is concerned the local club is a top heavy favorite.

The batting order will probably be as follows:

Boston.	Philadelphia.
Moran, cf.	Murphy, rf.

SOX DOWN CUBS 5-2; EVEN UP CITY SERIES

WIN GAME IN NINTH AFTER HARD FOUGHT BATTLE.

Cheney Weakens After Striking Two Out in Final Inning—Scott Allows His Opponents Only Four Hits—Total Receipts Are \$9,050.75.

Chicago, Oct. 8.—The local Americans evened up the series for the city championship with the Chicago Nationals today, by winning the second game 5 to 2.

The Americans won the game in the ninth inning after a hard fought up-hill battle. In this inning Cheney, who was hit frequently, weakened and lost control after he had retired two men on strikes, Weaver singled. Cheney attempted to catch him off first base and threw to the stand. Blackburn singled and Weaver scored the winning run.

The game was clinched when Zimmerman fumbled Collin's grounder. Cheney made a wild pitch and Fournier doubled. The other two runs were the result of bunched hits.

The Nationals made their score on Schulte's double, singles by Sweeney and Leach, a base on balls and an error by Weaver.

Scott allowed his opponents only four hits, three of which were made in the second inning.

Blackburn's one hand spear of a line drive, which was high above his head, and the fielding of Berger and Weaver were features.

Total paid attendance 12,409. Total receipts, \$9,050.75. Commission's share, \$905.07. Players' share, \$1,887.40. Each club, \$1,629.43.

Giants, 6; Yankees, 5.
Polo Grounds, New York, Oct. 8.—Bescher's triple, followed by Doyle's single in the tenth inning, gave the New York Nationals a 6 to 5 victory over the New York Americans in the opening game for the Manhattan championship series here today. Both Mathewson and Keating were hit hard. Bunched hits on Mathewson gave the Americans three runs and the lead over the Nationals in the sixth. The Giants batted well in the seventh and regained a lead, only to have the Highlanders tie the score in the ninth.

FEDERAL LEAGUE CHAMPIONS DEFEAT ST. LOUIS IN FAST GAME

Recruit From Southern Michigan League Pitches Good Ball—Other Federal League Scores.

Indianapolis, Oct. 8.—It took the champions of the Federal league an hour and four minutes to defeat St. Louis today. The pitching of Kiefer, a recruit from the Southern league, was the feature.

Score
St. Louis .001 010 000—2 6 4
Indianapolis .200 000 111—4 11 3
Batteries—Watson and Chapman; Kiefer and Rariden, Warren.

Chicago, 8; Kansas City, 3.
Chicago, Oct. 8.—Chicago won its final game of the Federal league season, beating Kansas City on hard hitting and costly errors by the visitors.

Score
Kansas City .001 100 041—3 7 5
Chicago .302 002 101—8 13 0
Batteries—Henning, Adams and Brown; Black and Clemons.

Buffalo, 3; Pittsburgh, 2.
Pittsburgh, Oct. 8.—Rag stopped the first game of a scheduled double-header between Buffalo and Pittsburgh today at the end of the seventh inning. Hanford's double and two sacrifices gave Buffalo the winning run in the seventh inning.

Score
Buffalo .100 000 1—3 6 1
Pittsburgh .000 200 0—2 4 1
Batteries—Krap and Allen; Dickson and Roberts.

Brooklyn, 5; Baltimore, 3.
Baltimore, Oct. 8.—Both teams batted freely but Brooklyn's hits were the more timely.

Score
Brooklyn .012 010 100—5 10 3
Baltimore .000 020 010—3 15 1
Batteries—Seaton and Land; Bailey, Conley and Kerr.

SPORTING NOTES.

George Stallings, manager of the Braves, is now called "The Miracle Man" over the National league circuit.

Catcher Frank Hand, recently purchased by the Giants from the Perth Amboy club, had a batting mark of .313 in the Atlantic league this season.

Harry Lejeune, who has been burning up the Western league in stick work this season, and recently sold to the Pirates, had a trial with the Superbas a few years ago.

When Bill Doak of the Cardinals and Bill James, the Braves' star flinger, hooked up in the twelve-inning 1 to 1 tie game in Boston recently, Hub fans witnessed the most spectacular pitching duel of the year.

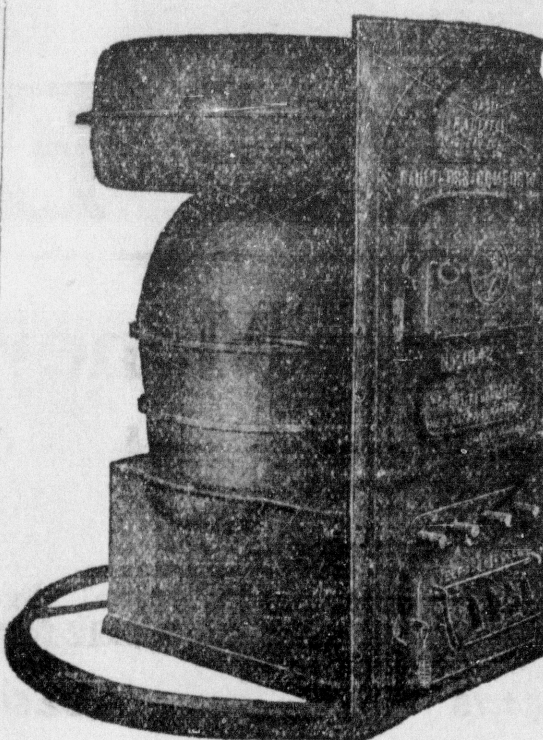

Arthur Irwin says it wasn't because of any real trouble with the club owners that Frank Chance resigned his managerial berth with the Yankees. It was merely because he wanted to quit baseball. Published interviews with Chance tell a different story.

Billy McCarney is going to act as manager for Carl Morris. Billy believes he can make a champion out of the Oklahoma giant.

Faultless Comfort

FRESH AIR HEATER

Note Construction:

All cast iron, low, broad and heavy, large radiator, most important part of furnace. Fire must travel around before passing into flue; this feature saves fuel. Large feed section, increasing direct radiation. Large feed doors, deep ash pit, revolving grate bars. Large casing with enlarged air chamber around furnace.

Just received a carload. Samples on floor.

port business today gave the wheat
market a decided upward turn. Corn
finished 1/4c to 1/2c up; oats with
a gain of 1/4c to 1/2c and provisions
the same as last night to 40c high-
er.

Liberal export sales of wheat were
announced as having been made here
and at Duluth and also at Win-
nipeg. The Chicago sales, which
were of wheat to be shipped by way
of Gulf amounted to 500,000 bush-
els. In addition, heavy buying of
the December option here was said
to be for the account of exporters at
the eastern seaboard. It was only
by degrees, however, that the ex-
tent of the trans-Atlantic purchas-
ing became known and although the
market opened somewhat higher in
sympathy with Liverpool the course
of prices for a while was rather un-
steady.

Corn advanced with wheat after
a moderate early decline, due to the
bearish showing of the govern-
ment crop report. Wet weather
count against the bears and so also
did reports that a remarkable in-
crease had taken place in the use
of glucose as a substitute for sugar.
Strength came chiefly from big sales
to shippers. It was said that 500,000
bushels were taken for export.

1000 FALL COATS
AT 50 CENTS ON THE DOLLAR

We bought for spot cash the entire surplus stock of new fall coats, for 50 cents on the dollar, from the Rampion Coat Company, 158-160 West 29th street, New York City, considered the largest coat house in America. By selling the coats at 50 cents on the dollar, that is half of their actual retail value, we know it will do more to advertise our store than any other thing that we have ever put on sale, and more than hundreds of pages of advertising can do.

Come and select the handsomest and smartest coats of the season—made of the finest fabrics possible to procure. You'll find it without a doubt the most remarkable money saving coat buying opportunity ever presented to you. Look at the prices, then come and see the garments themselves. You will be astonished.

FALL COATS, Usually Priced \$18 to \$25

\$12.95

This is as fine an assortment of stylish Coats as you have ever seen at this popular price. They are fashioned in the new Paddock and Moyenage effects, some with broad fitted belts and full ripple back, others are box pleated with new military or rolling collars of velvet or plush and trimmed with large fancy buttons. Included also are many stunning College Coats for misses and small women, also plain tailored styles for the most conservative women. Materials include Boucle, plain or fancy Cheviots, fancy Broadcloth, Serges, large plaids and checks, fancy mixtures and Novelty weaves. All sizes.

FALL COATS, Usually Priced \$27.50 to \$32

Such coats as these at this price are possible here and here only, and the values are so unusually good, the styles so smart and becoming that you are going to agree with us when you see the coats. Being favored by the manufacturers because of early season co-operation makes this coat offer possible. Wide wale whipcords, Astrachan, Zibeline, mannish Tweed and Scotch Mixtures in the new cape models—semi-fitted, straight lined and half belt effects—also full flare skirt styles—colors black, copenhagen, navy and green—half lined with guaranteed imported lining. Sizes 34 to 44. We will not have to urge you to select when you see these coats.

FLORETH COMPANY**MRS. JOHN COULTAS MEETS
WITH PAINFUL ACCIDENT**

Jumps From Automobile to Avoid Accident Near Winchester—Robert Watt Will Be Buried Today—Personal Mention.

Mrs. John Coultas met with a painful accident Wednesday afternoon as the result of jumping from an automobile, spraining the ligaments of her right knee. Mr. and Mrs. Coultas had been out riding in their automobile and when five miles out of the city, the car broke down. A suiter went out from Winchester in his auto to bring them in. As they were coming down a steep hill the brake on the damaged car failed to work and Mrs. Coultas fearing that it was going to crash into the front car jumped from the seat on the hard ground. It will be sometime before she is able to be out again.

Floyd Richardson of Peoria is visiting his mother, Mrs. Thomas Richardson and with other relatives.

Mrs. Jesse Watt of Fort Scott, Kansas has arrived in the city to attend the funeral of Robert Watt. The services will take place this afternoon at 3:30 from the residence of David Watt.

Miss Maud Sperry, a teacher in the second grade has been detained from her duties by illness. Her place is being filled by her sister, Mrs. John McKean.

(Winchester and vicinity was visited by a big rain storm Wednesday evening. Lightning struck a chimney on the residence of John McKean and an evergreen tree in the yard of George Stuart.

William Breach, assisted by Mrs. Rachel Clark of Chicago, Miss Fable of New York and Miss Guy of Danville will give a concert in the Baptist church this evening. Mr. Breach is always welcome back to Winchester his old home and a large audience is expected to greet him and his company.

Mrs. John Markille remains critically ill.

Mrs. James A. Warren and daughter, Mildred have returned home from a visit in Virginia and other southern points.

**THICK, GLOSSY HAIR
FREE FROM DANDRUFF**

Girls! Try It! Your Hair Gets Soft, Fluffy and Luxuriant at Once.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides immediately dissolves every particle of dandruff; you cannot have heavy healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flail, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

**JOS. L. WHITTAKER
MOVES TO ST. LOUIS.**

Jos. L. Whittaker, who has been one of the efficient rural route mail carriers for a number of years has gone to St. Louis, where he has secured a position as mail carrier in the city. His family has already joined him there. Mr. Whittaker has been closely identified with various lodges of the city and his wife has been a well known worker in the Red Oak lodge. They will be missed in Jacksonville by their many friends who will wish them success in their new home. Mr. Whittaker's place will be filled here by Thad Westman of St. Louis.

WOMAN'S COUNTRY CLUB**

REGULAR WORK OF THE YEAR
BEGINS NOVEMBER 3.

Attractive Booklet Contains List of Hostesses and Meeting Topics for 1914-15 With Member List of Orleans Organization—Club Was Organized in 1895.

An attractive booklet of dark red and gold, just from the press, announces the year's program of the Woman's Country Club, an organization which for nineteen years, has held a prominent place in Morgan county and which has continued club activities always, twelve months each year, without pause or vacation in summer or winter. There are in the club thirty-two members, for the most part residents of Alexander and Orleans. The meetings are held on alternate Tuesdays and are devoted to discussion of some timely or historically interesting theme. The Woman's Country Club was organized in 1895 and in 1901 was recognized as a member of the United Federation of Woman's Clubs. Mrs. Hinrichsen, Mrs. Little, Mrs. Colwell and Mrs. Strawn composed the 1914-1915 program committee.

The New Dress Goods and Silks

We cannot emphasize the importance of our Dress Goods and silks too strongly. The qualities are superb. The styles cannot be surpassed. The range of colors and shades are beautiful—yet in every instance the prices are lower than the most experienced Dress Goods buyer would expect them to be, quality considered.

Johnson, Hackett & Guthrie**Butterick Dressmaking School**

Began Monday at 9 o'clock

A Wonderful Opportunity if You Act Promptly

Here's a chance for every woman who loves to be well dressed. We've arranged to hold special sessions of The Butterick School of Dressmaking at our store for a limited time only. A Butterick teacher will give you personal attention and show you all the latest methods of the great New York and Paris modistes. You will be making smart dresses for yourself all the time you are learning.

Act now. Call at our Butterick Pattern Department for particulars.

Mrs. A. Milligan has just arrived from N. Y. with every detail and the latest information—Enroll your name at once—the cost is a mere trifle compared to what you get—Terms \$2.00 in advance for six lessons of an hour and a half each and when you get through your dress is made. Don't wait until the hours are all taken. There's five lessons per day and only a limited number of pupils each lesson. Arrange your lessons of an hour and a half each to suit yourself.

ATTENDED CONFERENCE ON TUBERCULOSIS.

Miss Laura Hammond and Miss Katherine Olmsted returned last night from St. Louis, where they had been attending the sessions of the second Mississippi Valley conference on Tuberculosis. The program included a number of well known speakers from all parts of the country. While there they visited the open air school which the city maintains. The city is also building another new building for the same purpose, which will accommodate 150 pupils.

The school board made arrangements for a delegate to go and Miss Hammond was asked to accompany the party. She has been talked of as the teacher of the new open air school to be established by the Morgan county Anti-Tuberculosis society but as yet nothing definite has been done in the matter. Miss Hammond at present being busily engaged in her duties as teacher in the 8th grade.

MAKE DETAILS OF PROPOSED COTTON LOAN POOL PUBLIC

New York City is Expected to Subscribe \$50,000,000 and Perhaps More—St. Louis' Share is Placed at \$7,500,000.

St. Louis, Oct. 8.—Details of the proposed \$150,000,000 cotton pool, conceived by Festus J. Wade, a local banker, and now being considered by Secretary of the Treasury McAdoo and the federal reserve board as a means of relieving the cotton crisis, were made public here tonight by business associates of Mr. Wade while he, with a delegation of St. Louis business men, was speeding toward Washington to participate in tomorrow's conference.

The statement prepared by Mr. Wade before his departure at noon today says it is expected that New York City will subscribe \$50,000,000 to the pool and perhaps more. St. Louis is expected to contribute \$7,500,000.

The loan fund is to be formed by subscription by national banks and state banks and trust companies, merchants and manufacturers throughout the country. The pool is to be managed by some large firm experienced in such business, assisted by an advisory committee of prominent bankers and cotton handlers.

Not less than 100 financial centers will be asked to contribute to the fund, to provide storage facilities for the surplus cotton and to issue uniform negotiable warehouse receipts for the cotton, which will be used as collateral.

RECEIVE HALF MILLION DOLLARS IN GOLD BULLION FROM ALASKA

SEATTLE, Washington, Oct. 8.—Half a million dollars in gold bullion was received from Alaska and the Yukon territory today by the steamship Humboldt, which arrived from a southeastern Alaskan port. A large part of the Humboldt's gold was from the Dawson district.

Another large shipment of gold from the Seward Peninsula district is aboard the steamship Senator, expected to arrive from Nome at midnight. The exact amount of gold aboard the Senator has not been divulged, but that it is unusually large is indicated by the request for a special police guard to convoy the precious metal from the pier to the express vaults uptown.

A Junior FREE to Some Little Girl

Has all the quality and features of the regular sized Kitcheneed, such as disappearing roll curtain, sliding metal top, glass sugar jar—everything as shown in the picture.

How to Win the Junior Kitcheneed

In some small booklet get the names and addresses of women who would like to own a kitchen cabinet. For every one of these you will receive a Stamp good for 10 Votes. For every one of these that buys a Sellers Kitcheneed during the contest you will receive a Stamp good for 100 Votes. Another way is to get 10 votes of different dates, one of which is printed here, from the Daily Journal or Courier, or by calling at the store on the day following their appearance. For 10 of these votes we will give a ten vote stamp. The little girl who has the greatest Total Number of Votes at the end of the contest wins this Big Special Prize. Contest to run until October 17. Will you be that little girl? It is easy to get this wonderful prize.

Some little girl in your community, maybe your own daughter, is going to be trying very soon to become the owner of this delightful possession. Help that one little girl that you most want to see satisfied to the utmost, get this wonderful thing.

A Sellers Kitcheneed Kitchen Cabinet, "The Kitcheneed Junior Special" is the name of it and it is an exact duplicate of the "Sellers Kitcheneed Special." It will have the same quality and features that have made "Sellers Kitcheneed" the "Better Kitchen Cabinet." The only difference will be in this, that the Sellers Kitcheneed Junior Special will be only two-thirds the size of its parent, "The Kitcheneed Special." That will bring it high enough for a little girl to work at exactly as her mother works at hers. Every one of these convenient features will be exactly the same as on the larger Cabinet but smaller in proportion.

The little girl friend will be working to get this Junior Cabinet in this way.

You can help to get this delightful possession for your daughter or favorite child friend. Give her whatever assistance or encouragement among your friends you can. The youngster will be tickled beyond measure if she succeeds, and the possession of the cabinet may prove to be a very good influence upon her play, and the channel into which her thoughts are directed.
